### *Royalty Free does not mean free music*

**Royalty-free** refers to the right to use copyrighted material or intellectual property without the need to pay royalties or license fees *for each use or per volume sold*.

#### **The Licensing fees for using Royalty-free music.**

Many musicians choose to release their songs under [Creative Commons licenses](#), which give you the legal right to do things like use their music in your videos. There are a growing number of artist wishing to get there name out there that produce high quality music hoping for a larger commercial licensing opportunity. In return they require you give them credit in a particular format and that the music be only non-commercial usage

**The traditional no-attribution license** is where you pay a licensing fee for the use of the music based on the type of use and you are not required to give attribution.
