New Survey

- In-person attendance has been much less than expected since hybrid meetings were started
- With current trends, it is likely we'll be going back to Zoom-only in 2024 or even starting in November
- Also the low attendance of in-person meetings raises concerns that the holiday dinner will also be poorly attended and thus not worth holding
- A Google Forms survey will ask members about both of these issues
- Survey will be open from October 10 to 20, 2023
